

When others break,  
we still shine

“The flexibility and handling is incredible and makes hard-to-light-sets easy to be lit.”

— Bojan Bazelli, DOP

**“The perfect tool for impossible lighting situations, work everywhere, even in the middle of the Pacific Ocean.”**

— Ian Kincaid, Gaffer

CARPETLIGHT is literally a “shining cloth” that is produced in various sizes and can be handled just like any other fabric. Our patented LED lighting solution uses

conductive threads that cannot break. You can squeeze the lamps, fold them or even tie in a knot – they are virtually indestructible.

✓ lightweight

✓ high-end quality

✓ unbreakable textile lightsource

✓ flexible

✓ made in Germany

✓ easy to set up and mount

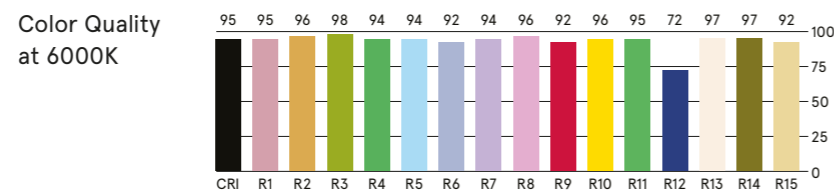

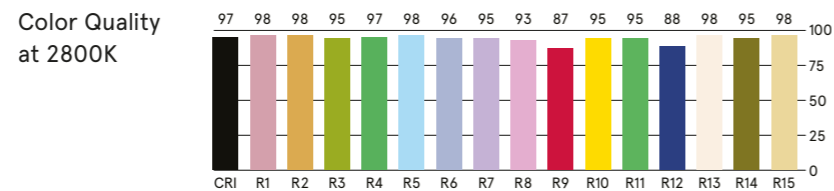

✓ patented technology

**“Carpetlight is the most used lamp on our set. It’s lightweight, quick to build, very powerful and with good colors. We were using them in sunny exteriors as a fill light and for night exteriors as a key light.”**

— Pawel Edelman, DOP, Academy Award Nominee

- ☀️ 2800K - 6000K
- 🔘 dimmable, steplessly variable, DMX
- 📄 foldable
- CRI 96+ in all CCTS
- 📊 flickerfree up to 2700 fps
- ❄️ passive, noiseless cooling
- TLCI 97
- 📐 120°, with SnapGrid 40°
- 📶 wireless DMX

“Versatility, light quality and every detail promotes itself to any pro user. We never had such a short return on investment.”

— Jani Lehtinen, Gaffer and rental owner

Since three years happy customers worldwide are using CARPETLIGHT:

- used in thousands of productions worldwide
- over 70 rentals worldwide
- various corporate TV networks

**CARPETLIGHT®**

Perfectly light.
